## DETAILED ACTION

### *Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance:

Claims 23 <sup>to</sup> and 29 are allowed. The prior art discloses a wireless transmission power control method and apparatus and steps of measuring the power and reception quality of the received signal on the downlink and uplink within an interleaved block of time as appropriate.

The prior art however fails to disclose or suggest an control instruction determining step for in a periodicity shorter than a pre-determined interleaved block period, determining a control instruction depending upon said reception quality values of time slots that have already been received in a pre-determined interleaved block.
